All boats in our fleet are carefully equipped to ensure you have a comfortable and enjoyable stay on board.

The quantities listed in the inventory you will find on board are based on the maximum capacity of the boat. For example, a Tarpon 42 (4 cabins) will be equipped with 12 plates and 12 glasses. However, these quantities may be adjusted according to the actual number of passengers on board.

The charter company cannot be held responsible for any item missing from the inventory. If the customer notices a shortage upon boarding, they may request a replacement, within the limits of the boat's maximum capacity.

If no complaint is made at the time of takeover, the inventory is considered to have been accepted as is by the customer.
