Navigation information

Only the Eau Claire 1130, Pénichette 935W and Pénichette 1107W, Pénichette 1260R and Triton 1050 boats pass under the bridge located in the heart of Laval just after the 1st lock: this means that customers on board of other boats in our fleet cannot pass under this bridge.

It should be noted that the Mayenne and/or the Sarthe may be subject to periods of flooding or drought, making navigation impossible. In this case, we reserve the right to offer you an alternative departure elsewhere in France, subject to availability, or a postponement
